Don't forget that John Driscoll
keeps the best staple groceries at the
lowest prices.

The Richmond, Indiana, Fire
Alarim Co. have placed one of their
fire alarm telegraph apparatuses in
the Engine House and the agent will
take pleasure in exhibiting it to any
of our citizens who may wish to witness
its workings. It is a very complete
arrangement and possesses
some advantages over other systems.

Pure old Anderson county whiskeys
at John Driscoll's, 237 St. Clair
street.

Judge R. A. Thompson has decided
that no licenses to sell liquor are legal
unless the proper notice has been
given and license issued by the
County Court before city license is
taken out. The decision is creating
quite a stir among the saloon keepers.

Dr. W. H. Phythian has been ap-
pointed Surgeon of the L. & N. Rail-
road at this point.

The old reliable weather prophet,
Prof Ground Hog, made a miscal-
culation as to the time he should
make his appearance, and came
forth too soon to take observations
as to the weather and forecast that
of the future. A colored man, while
hunting on Friday afternoon of last
week, January 14, found him play-
ing around on the north side of Fort
Hill, and shot him. Now what are
we going to do for weather when the
goose bone plays out?

CHARLES L. DAVIS.—A packed
house greeted the entertainment
given by Charles L. Davis' "Alvin
Joslin" Company at the Opera House
last night. The company gave the
best entertainment to all present.
Mr. Davis has a band with him
which entertained our citizens with
some of the best music ever made by
a band in Frankfort, and the even-
ing's enjoyment was made more
pleasant than usual by a first-class
orchestra formed from the band.

Taken all in all, Mr. Davis well
deserves the success he is meeting with
everywhere. He does not for a
moment stint his home in hunting
the best that can be had. He has
made himself a good reputation.
The performance will be repeated ton-
ight and those who have not heard
"Alvin Joslin" and the excellent
music this company furnishes should
not fail to take advantage of this opportunity.

The horse attached to Messrs.
Sower & Ahier's delivery wagon became
so frightened at two dogs harnessed
to a wagon and driven by some
little boys along Todd street,
Saturday afternoon, that it started to
run away, but the wheels of the
wagon collided with the posts of the
shed in front of Mr. W. S. Kent's
grocery, on the corner of Todd and
Shelby, knocking them down and
wrecking the shed, but so entan-
gling the wheels with the debris that
the horse was caught before he could
do further damage.

Ayer's Sarsaparilla, being highly
concentrated, requires smaller doses
and is more effective, than any other
blood medicine. It is the cheapest,
because the best. Quality and not
quantity should be considered.

Fresh canned goods at lowest rates
at John Driscoll's.

FOUNDED.—Officer John Dean picked
up the street, near the Government
Building, one day last week, a locked
watch chain with a fifty dollar bill
in it. The owner will apply to him
for it.

Ayer's Pills cure constipation, im-
prove the appetite, promote digestion,
restore healthy action, and re-
store every function. They are pleasant
to take, gentle in their operation,
yet thorough and powerful
in subduing disease.

Charles L. Davis' "Alvin Joslin"
troupe, who played at the Opera
House last night, had a large audience,
which they highly entertained.
Their play has little plot. It is hard-
ly anything more than a series of
adventures, and contains a good deal
of comedy, but the admirable way
in which it was presented, the excellent
mechanical effects, the fun made
by "Uncle Alvin" and the splendid
music of the large orchestra pleased
everybody, and there was much appla-
use. The dressing of the troupe
was also fine. The performance will
be repeated to-night.

As the tow boat Houston Combs,
No. 2, was passing under the St.
Clair street bridge, on Tuesday last,
by some mistake the smoke stacks
were not lowered, and coming in
contact with the timbers of the
bridge, were torn from their places
and thrown into the river, carrying a
portion of the boat's deck railing
with them.

On Sunday afternoon a party of
boys jumped a red fox on the hill-
side above Spring Hill Distillery,
and one of them killed it by striking
it in the head with a stone.

Bellepoint.

Mr. Frank Pierce Lewis, having
sold his stock of goods to Mr. Robt.
L. Grinstead, has retired from business
and is now what might be termed a
gentleman of elegant leisure.

Dr. Urban and Sullivan have
formed a co-partnership for the
purpose of opening a drug store in this
place. The location will be a good
one.

Mr. C. C. Merchant has been elect-
ed a Councilman to fill the vacancy
 occasioned by the resignation of Mr.
 Wm. R. Haining.

Robt. L. Grinstead has removed
his stock of goods to the brick edifice
 lately occupied by F. P. Lewis.

The social given by the Misses
Merchant, on last Saturday night,
was a most agreeable affair, and was
largely attended.

There are several nice houses on
this side vacant.

Mr. Jas. Cheany has moved his
family to Taylorton.

Bowman Stone has purchased from
Mr. Cheany his new corn grits mill,
with a view of moving to our town
and operating it. This will be the
only mill in a large scope of country.

ing and delivering hemp.

DIED.—Last Tuesday night, Mr.
John Murphy, aged 72. His remains
were interred at North Fork.

Mr. Wm. Pryor, of Woodlawn, has

and other counties, 13 head of Berk-
shires, from four to eighteen months
old. Wm. W. W. W. has sold
Wm. W. W. W. has ordered from the most reliable
breeders of Ohio, several head of
registered Poland Chinas, and intends
to keep the best of both
breeds of swine. His idea is to keep
stock that will pay the farmer to
raise. Farmers should see his stock of
swine; he must always has on
hand a full lot of pigs for sale.

Mr. Jack Hockersmith has returned
from Alabama, but expects to go
back next week.

Testimony from the Seashore.

I have been suffering with rheumatism
for about twenty-five years.
I am now forty-two years old.
My pain is so great that I have been
confined to my bed from eight to ten
months at a time, and two years ago
I was in bed about nineteen months
perfectly helpless, being afflicted all
over. At that time, having tried
every known remedy before, I com-
menced the use of Swift's Specific.
I used about two dozen bottles.
I have never had anything to do with
it, and am still as well as when
I began.

My health and vigor are restored;
I can walk and ride as well as when
I was a boy. My business is such as to
keep me on my feet about fourteen
hours during the day, but I go
through without any inconvenience.

I can cheerfully recommend S. S.
to those who suffer from rheumatism.

FRANKFORT, JANUARY 12, 1887.

Saturday Night's Fire.

About nine o'clock on Saturday night an alarm of fire was sounded, and it was soon known that the fire was within the walls of the Penitentiary. Our firemen promptly reported for duty, but were necessarily delayed in commencing to fight the fire by the fact that there are no fire plugs in the prison, and the hose had to be run in from the outside, and that through closed gates.

The fire was first discovered by Mr. Maratta, one of the night guards. In the delay occasioned by the arrangement of the lines of hose the fire had gained such headway that, despite the utmost exertions of the firemen, the whole south end of the old hemp department was soon enveloped in flames.

Messrs. Mason & Foard Company have been using this building for a broom and furniture factory, and had a large amount of finished and unfinished work stored therein, together with their very expensive new machinery, some of which had just arrived and had not even been unpacked.

The losses and insurance are given below, and are as follows:

New machinery, etc.	\$2,000
2,000 doz. chairs at \$7.50 per doz.	15,000
1,000 brooms, etc.	1,000
1,000 doz. brooms at \$2 per doz.	2,000
Broom stock	1,000

Total \$24,000

On this they could only obtain the following insurance:

Clinton, New York	\$3,000
Baltimore, Pittsburg	3,000
Providence, Washington, Providence, R. I.	3,000
Hiberville, New Orleans, La	3,000

Total \$12,000

The building was uninsured, as the Commissioners of the Sinking Fund deemed the State able to do her own insuring; and from the further fact that the insurance companies fight shy of taking risks in the prison and always ask the highest possible rates for insurance, as it is deemed "extra hazardous."

A good deal of talk has been occasioned by the rather exaggerated reports, in some of the papers, giving an undue amount of credit to certain prisoners for their behavior during the fire. The officers of the fire company say they did not do anything deserving of special mention until after the fire was under control. And then they were like the man who witnessed the fight between his wife and the bear, and, when the latter was worsted, jumped down from his high perch and yelled out " Didn't we give it to him good, Betsy?" We believe in giving all due credit, but, brethren of the pencil, don't "stop over."

The fire was a grand and beautiful sight, and was witnessed by nearly the whole of our population from the Arsenal hill.

By invitation, a committee of the City Council composed of Messrs. R. C. Church, W. J. Hughes, and Sig. Luscher, accompanied by Chief of the Fire Department A. H. McClure, Chief of Police P. B. Lillie, City Marshal J. M. Stephens and Messrs. John T. Buckley, B. B. Jeffers, J. B. Beck, Ed. Weltzel, E. J. Parker, and the ROUNDABOUT men went to Lexington Tuesday morning to witness the working of the fire alarm telegraph system in that city. The party were met at the depot by a committee of the City Council of Lexington and escorted in carriages to the Phoenix Hotel, where an elegant lunch was prepared, together with liquid refreshments. After partaking of lunch the party repaired to the engine house, where the working of the apparatus was fully explained by Mr. Gaynor, the principal electrician, after which Chief McClure and several gentlemen took carriages and drove to the western end of the city, turned in an alarm and timed

the department in getting there. The distance was about a half mile, and the run was made in two and a half minutes, and water thrown in four and a quarter, from the time the alarm was sent in from the box. Returning to the engine house, the hoses were put away and several other gentlemen, who had remained there to see the fire boys go out, drove to the eastern part of the city and turned in a second alarm, the run being made out there in equally as fast time. After examining the mechanism thoroughly the party returned to the Phoenix Hotel and partook of a splendid dinner, after which they visited the Court House and were introduced to the Triumph of Chastity by Col. J. Soule Smith, and otherwise whilst away the time until the coming of the C. & O. train, upon which they returned home, highly pleased with their visit.

The system worked perfectly and all those of our citizens who saw it were satisfied that a one in operation in this city would be a great protection to property. The prompt explicit information as to the exact location of a fire obtained through the medium of this system would greatly economize time in getting there and prevent many a disastrous conflagration. Frankfort need such a system badly and the amount paid for it would be money well spent.

The gentlemen who went to Lexington are under obligations to acting Mayor Kauffman, Councillor Walmscott, McChesney, Alex. Morgan, T. N. Allen, Elijah Allen, Alderman J. Soule Smith and Messrs. J. H. Davidson, Caesar Shulinski, Judge Hunt, Judge Sharp, and numerous other gentlemen for the kind and courteous manner in which they were treated during their stay. In fact the whole city seemed glad to see them and used every effort to make them feel at home and enjoy their visit.

There will be a mass-meeting of the Sunday-schools of Frankfort Sunday, Jan. 23d, at 3 p.m., at the First Presbyterian Church. All persons interested in Sunday-schools are invited to attend. Rev. J. H. McCullagh, of the Southern Presbyterian Church, Superintendent of Southern District of the American Sunday-school Union, will deliver an address especially adapted to children. During the past year the American Sunday-school Union has organized 1,800 new Sunday-schools in destitute places, and gathered in more than 60,000 neglected children. It also aided 1,081 feeble schools, and distributed 1,500 Bibles and Testaments.

During the high wind on Wednesday morning, the smoke-house of Rev. Philip Full, who resides about three miles from this city, on the Owenton pike, took fire, and in the efforts of the family and neighbors to save the dwelling house and meat in the smoke-house, the barn, which was a short distance away to windward, was lost sight of, it took fire from a spark, and, together with a lot of tobacco, corn and farming implements stored in it, was destroyed. The tobacco was prized and in seven bushels ready for shipment. The loss is about \$1,500 with only \$700 insurance.

The many friends of this aged gentleman and his venerable afflicted wife will be pained to learn of this great misfortune.

We regret to learn that our friend, M. B. Moody, Esq., had the misfortune to have his dwelling house and contents destroyed by fire on Tuesday night last. Mr. and Mrs. Moody were in Louisville at the time the fire occurred.

Capt. L. D. Holloway, Clerk at the Penitentiary, celebrated his birthday yesterday by giving a dinner to the Commissioners of the Sinking Fund, Chief Justice W. S. Pryor, and Col. Thos. Rodman at his home in Pleasureville.

Capt. Sam. M. Gaines, Deputy Clerk of the Court of Appeals, and Miss Westfall, at present a resident of Dalton, Georgia, will be married at Hopkinsville, on the 2d of February.

Only a few days since we were gratified by the news that Gen. Dawson had so far recovered from a stroke of paralysis, at his father's in Hart county, Ky., as to be able to return to his home in Denver, and, as the papers had it, to his duties as Surveyor-General of Colorado.

Gen. Dawson was a man of many fine points and was a whole-souled, genial friend and companion.

He was a prominent and zealous member of the Methodist Church, and died in the full realization of the truth of the Christian religion. His many friends in this community send out their heartfelt sympathy to the stricken widow in her far western home.

Our community was surprised and grieved to learn, on Monday morning, of the death of our former townsmen and friend, Gen. James A. Dawson. This sad event took place at his family residence, in Denver, Colorado, on Sunday night.

A few days since we were gratified by the news that Gen. Dawson had so far recovered from a stroke of paralysis, at his father's in Hart county, Ky., as to be able to return to his home in Denver, and, as the papers had it, to his duties as Surveyor-General of Colorado.

We regret to see that the House of Representatives of Congress failed, in Committee of the Whole, on Friday last, to pass the bill allowing Capt. H. I. Todd to bring suit against the Government in the Court of Claims for the recovery of certain taxes which were illegally assessed against, and collected from, Capt. Todd. The bill was a just and deserving one and should have passed the House without question, as it had done in the Senate. The bill was recommitted to the Committee of the Whole, which we fear will be the last of it.

The bill to pay off a claim of Col. W. H. Gray, for \$468, for services rendered in the Internal Revenue service, and which had hung fire for years, has at last passed Congress.

"Uncle Billy," as every body called him, has at last been righted, but, as is too often the case in Government affairs, not until the grass has grown over his grave. The original claim was more than the allowance, but was set down to the present figure.

Mr. Harry O'Donnell, of the firm of Weltzel & O'Donnell, met with a painful and what came near being a serious accident on Saturday night. In attempting to ascend the Arsenal hill, during the fire, he climbed upon a fence, which being rotten, gave way and precipitated him to the ground, some fifteen feet below. He was picked up and taken home and a physician sent for. Upon examination it was found that no bones were broken, although he was badly bruised. We hope he will soon be about again as he is a clever young man.

PYÆMIA

Is the most virulent form of blood-poisoning. Less speedily fatal, but not less terrible. It is one of the most malignant of the first symptoms of the Principal Sites, Bells, and Cutaneous Eruptions. When the tincture of Sarsaparilla is applied to the skin, it has a powerful antiseptic and antiflaccid influence, no time should be lost in applying it. SARAPARILLA, the only perfect and reliable medicine for the purification of the blood.

SCROFULA

Is a foul corruption in the blood that eats away all the muciliary of life. Nothing will eradicate it from the system and prevent its transmission to offspring but AYER'S Sarsaparilla. It is the only one that will cleanse the blood of Mercurial poison and the blood of Contagious Diseases. Impoverished blood is purified.

The ladies Exchange of the Methodist Church will be held at Charles Lang's grocery South Side to-day, from 11 o'clock, a. m., to 5 o'clock p. m. Those wishing nice things for Sunday would do well to give these ladies a call.

Attention. Sir Knights.

There will be a meeting of Frankfort Commandery, at the Asylum in Odd Fellows' Temple, to-night at 7 o'clock, for the purpose of organizing the drill corps. A full attendance is desired.

Miss Sue Robinson, daughter of Jephtha D. Robinson, Esq., keeper of the St. Clair street bridge, died at her father's residence on Wednesday morning last. She had a long and painful illness, and despite all the skill of the physicians, consumption triumphed, and she was tenderly laid to rest.

She was an active and zealous member of the Baptist Church in this city.

An instructive, entertaining, and rich treat is in store for our citizens. It will be given on Tuesday next, January 25, in the Chapel of the Baptist Church. Three young Chinese students for the ministry will give an exhibition of the customs, ornamental curiosities, &c., of the Chinese. Genuine China Tea will be made and given out. The curiosities will be for sale cheap.

The entertainment is for the benefit of the young people's missionary society—"Earnest Workers."

Prizes of admission—Adults 25; children 15 cents.

We hope they will have a large attendance. It will pay all who attend.

In the final settlement of the ties for the prizes offered by Mr. Phil. Seibert Mrs. R. C. Nicol got the first prize, a handsome clock; Dr. J. S. Collins, the second prize, a set of silver tea spoons, sugar shovel and butter knife, in a plush case; and Mrs. V. Berberich the third, a handsome pair of opera glasses.

Admission 15 cents, children 10 cents.

We are glad to be able to state that the injury sustained by Dr. U. V. Williams from a fall several weeks ago has proved to be only a dislocation of the right hip joint instead of a fracture of the bone, as at first supposed, and it is hoped he will be out again in a few days.

The ladies of the Missionary Society of the First Presbyterian Church will give a tea on Monday evening next, January 24th, at the residence of Mr. James, W. Tate, from 5 until 9 o'clock. Admission 25 cents. All are invited and it is hoped there will be a large crowd in attendance.

FRANKFORT ROUNDABOUT.

We would request our correspondents to be a little more prompt in sending in their letters. Please let us have them by Thursday afternoon at the latest.

Mr. J. C. Rogers sold yesterday his house and lot on Holmes street to Mr. Dick Mitchell, of this county, for \$1,250.

Cot. Joe Mulholland, of Louisville, the modern Munchhausen, was in the city yesterday. He says he swore off on the first of January and doesn't intend to tell any more lies.

Mr. James Heeney purchased on Tuesday from Mr. H. L. Watkins the store-room and lot on the corner of Second and Shelby streets, for \$1,350.

Pea Ridge.

Weather cold, warm and mixed.

Messrs. Charlie Pierce, Joe and Polk Tracy have the thanks of the pupils and patrons of the school for cutting and hauling two loads of wood and stacking it up in the school house during the recent severe weather.

It is understood that Prof. Thindley is about to prepare a roll of honor for his pupils. All those who wish to see their names on it had better attend.

An item from here last week mentioned that it does not pay to offer an insurance. It was two weeks ago, not last week, that our Professor did not attend. Had he been there, there was no wood and no scholars on account of the sneety weather. The item being delayed one week caused the mistake.

Entire suspension of pike operation during rough weather.

A movement is on foot to sell the school house and lot and build another on the other side of the pike that is being made. That's all right, but don't tear one down 'till another is built.

The snag that the pike ran against in the person of Mr. W. M. Crutcher has happily been settled in a way that does great credit to Mr. C. He agreed to let the pike go through for \$175, which will about cover the expense of building his fence.

Our worthy board of directors are jubilant over the ease with which Mr. Crutcher has paid the \$1,000 damage, the company would have been compelled to pay, as his trust is across the surveyed route, and if the case had been settled by law, at least that much damages would have been allowed.

The Ridge seems to be for Jas. A. Scott for Representative. A hope has been expressed that another candidate would announce himself, a physician preferred, and then we should have our choice between law, liquor and physic. Of each and all it has been truly said "the man who has the least is the best off."

Along the new pike being made here, all the people through whose lands the pike is made gave the right of way and subscribed to the stock except one, who refused to do so, so the curious state of things exists. Those who were the most generous are the worst off, for money must be collected from those who gave up their land to pay one who gave nothing. The directors claim, to save time and law-suit, it is like a war incident.

Capt. These sleigh operations are too slow, general; we could charge and carry the load and not lose more than 500 men.

General. Very well, Captain; if ever I decide to save time by losing men, I'll give you a chance to distinguish yourself.

Among the Colored Citizens.

By G. H. B.

Annual election in the First Baptist Church, (colored.)

Rev. G. F. Babby acting as Moderator, and Jas. M. Wakefield as Clerk, assisted in steering the Old ship of Zion safely over the dark and shipwreck deep.

After some discussion, the election resulted as follows:

Pastor—Rev. Eugene Evans, of Bowling Green; Clerk, Tandy Graves; Ass't Clerk, Jim Hall; Deacons, Jas. Williams, Austin Harris, Amherst Jones, Jeff Cook, Frank Thompson, Graveline Hawkins, Silas Pittman; Treasurer, Alonzo White; Sexton, Mrs. Miller.

Pastor and deacons were elected indefinitely, and, with possibly a few exceptions, the business was transacted very creditably.

Rev. Eugene Evans, the gentleman called as Pastor of the First Baptist Church, of Frankfort (colored), is a

gentleman of high standing in the State, and will doubtless make an excellent pastor over his church.

It is hoped, for the prosperity of the race in Frankfort, that the members of this congregation will give Rev. Evans their whole support and thereby strengthening him in his grand and glorious work of preaching the gospel.

It is hoped that the road for the Normal School will soon be started, as there are many anxious workers ready to lend a helping hand. We must not let the frost get cold, but start while it is hot.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists, of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Benckley's Balsam for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, Bitters. We guarantee them always. Sold by Jos. LeCompte.
